

## Announcement on LME Responsible Copper

To strengthen the compliance management of the refinery Copper supply chain, in accordance with the <LME Guidelines for Responsible Copper> and <OECD Due Diligence Guidance for Responsible Supply Chain of Minerals from Conflict Affected and High-Risk Areas>, ensure that the supply chain is free of human rights violations, money laundering and terrorist financing. The refinery has developed a Copper-bearing materials due diligence policy, and all refinery suppliers should cooperate with the due diligence team review. Each supplier shall comply with the relevant laws and regulations of the state and ensure compliance with the source and destination of the Copper supplied. Our company only cooperates with compliant supply chain partners and resolutely resists partners who do not meet the requirements of the LME Responsible Copper Guidelines! Please strictly abide by the Copper supply chain management system, please supervise all sectors of society and all employees of the company, report illegal operations, and allow anonymous reporting!
